

## HSE POLICY STATEMENT (Health, Safety, Environment)

World Image srl Amines Global Services provides advanced services relevant to amine units all over the world. Our commitment is to provide services that guarantee the respect for the Environment, for the Health and Safety of our employees, our customers and all people involved in our company's process.

In order to guarantee the respect for the environment and the quality of services, World Image srl has already obtained its certification for:

**UNI EN ISO 9001:2008**

**UNI EN ISO 14001:2004**

AN EFFICIENT COMPANY'S MANAGEMENT FOR ENVIRONMENT AND SAFETY HAS TO BE AN INTEGRAL AND BASIC PART OF THE COMPANY'S PROCESS TO GUARANTEE AN INTERNAL GROWTH AS WELL AS A STRATEGIC DEVELOPMENT IN LINE WITH THE TIMES. WE THINK THAT THE BEST WAY TO ENSURE THE RESPECT FOR THE ENVIRONMENT AND THE SAFETY IN THE EXECUTION OF OUR COMPANY'S PROCESS IS THE APPLICATION TO OUR ACTIVITIES OF THE PRINCIPLES SPECIFIED IN STANDARD:

**BSI OHSAS 18001:2007**

The present policy statement is based on the following main targets:

- Respect the environment and all its aspects through the control of elements of impact determined by the company's process, products and services, with respect of environmental safety regulations and prevention of all the pollution sources.
- Make all the internal staff aware of a correct management of environment and safety issues derived from the activities carried out.
- Guarantee the continuous improvement of environmental performances through the setting of goals to be achieved and a proper company's development schedule.
- Involve Vendors in the respect for company's safety and environmental policy.

Our company's Management staff is committed to pursuing the above goals and has included the OHSAS 18001 standard in our PGI procedure, making the whole operating staff aware of the importance of achieving them. Our Management staff continuously supervises the achievement of these goals through the function of the HSE Manager.

The present policy is revised every year in compliance with the results of HSE quality system for the definition/revision of set goals; all the internal staff is made aware of this policy which is displayed in a bulletin board and in workplaces.

Taranto, September 24, 2014
